STAT

SUBJECT: Requirements for INF Monitoring (U)

1. This memorandum is a follow-up to our useful conversation in my office about a week ago. (U)

2. One of the issues we discussed was the set of extant requirements for monitoring the INF Treaty. I promised that I would create a package for you of these existing requirements and send the package along for your use as you judge appropriate. [Redacted]

3. Attached is the material I received from the committee chairmen and the Intelligence Producers Council Staff. I will send along the material from MASINT in the next day or so. [Redacted]

4. When you have all of the material in hand, I think you will agree that a lot of useful, productive thought has been given to this subject. Notwithstanding our perceptions of current "wonderful-ness," there no doubt is some way in which we can improve. I would be pleased to hear your views. (U)

5. Meanwhile, if there is more we can do to assist you here, please call. (U)
